National Emergency Alert System (EAS) Test

- On 09/28/16 at 1120 hours (PST) the Federal Emergency Management Agency (FEMA), in coordination with the Federal Communications Commission (FCC), will conduct a mandatory nationwide test of the Emergency Alert System (EAS) to verify the delivery and broadcast, and assess the readiness for distribution, of a national level test message.
- The EAS test is made available to radio, television, cable, and direct broadcast satellite systems and is scheduled to last approximately one minute.
- The message of the test will be similar to the regular monthly test message of EAS, normally heard and seen by the public: "This is a national test of the Emergency Alert System. This is only a test."
- FEMA is taking pains not to cause any unnecessary public concern. Such national tests can be expected to become routine in coming years.
- FEMA advises, "The test is intended to ensure public safety officials have the methods and systems that will deliver urgent alerts and warnings to the public in times of an emergency or disaster. Periodic testing of public alert and warning systems is also a way to assess the operational readiness of the infrastructure required for the distribution of a national message and determine what technological improvements need to be addressed."

SITUATION SUMMARY

Cal OES SOUTHERN REGION

- [See Fire Activity Section](#)

Earthquake Swarm, Bombay Beach, Imperial County

- An earthquake swarm continues approximately 6 km south of Bombay Beach near the Salton Sea in Imperial County.
- Approximately 12 events were recorded above a magnitude (M) 2.5, including 4 verified events ranging from M3.3-4.3.
- The events occurred between 1856 hours and 2252 hours on 09/26/16.
- The California State Warning Center (CSWC) and the Cal OES Earthquake and Tsunami Program (EQTP) Duty Officer are monitoring the situation and will provide updates as warranted.

2016 Haitian Entrants Support

Cal OES State Operations Center (SOC) is partially activated in support of this event.

Haitian Entrants, San Ysidro, San Diego County

- Following the tragic earthquake of January 2010 in Haiti, U.S. Immigration and Customs Enforcement temporarily ceased removing Haitian nationals to Haiti. On 09/21/16, Secretary Johnson from the U.S. Department of Homeland Security directed that enforcement decisions with respect to Haitian nationals return to the consistent standard practice guided by memorandum dated 11/20/14 “Policies for the Apprehension, Detention and Removal of Undocumented Immigrants” consistent with the practice for nationals from other nations. Haitian nationals currently covered by Temporary Protected Status in the United States are unaffected by this change in policy.
- All Haitian Entrants, including women and children at the Christ Ministries Center, have been transferred to the El Cajon Armory as of 09/26/16. The plan is to still consolidate shelter operations to the El Cajon Armory by Wednesday, 09/28/16.
- Between the two shelters (National City Armory and El Cajon Armory) the shelter counts reported on 09/27/16 were:
 - National City Armory – 29 persons (-8)
 - El Cajon Armory – 85 persons (+26)
 - Christ Ministry Center – All entrants (with the exception of pregnant women and their families) were transferred to the El Cajon Armory.

Non Governmental Organizations

- Alliance San Diego and Christ Ministry Center United Methodist Church continue to operate the two temporary shelters established at the CNG Armories.
- Alliance San Diego is continuing to work with DHS to reunite families.
- Alliance San Diego has provided additional creole volunteers and they will be at the El Cajon armory on 9/27/16.
- All entrants sheltering at the church have been transferred to either the El Cajon shelter or the Best Western Hotel to allow for the church to deep clean and renovate (getting new carpet installed) the church.
- There are currently nine (9) pregnant women and they have been transferred to the Best Western Hotel in San Diego with their children and spouses (15 people total went to the hotel).
- The American Red Cross (ARC) is continuing to work with the Alliance San Diego and Christ Ministry Center United Methodist Church to provide unbranded cots, blankets, hygiene kits, dormitory management expertise, technical assistance and training to church personnel in managing shelters.
- ARC plans to pick up the materials at the National City Armory on 09/28/16.

2016 Haitian Entrants Support

State agencies currently supporting the sheltering operations are as follows:

California Department of Social Services (CDSS):

- The California Department of Social Services (CDSS) is coordinating with U.S. Department of Health and Human Services, Administration for Children and Families and Office of Refugee Resettlement (ORR).
- CDSS issued a one-time augmentation of \$1.3 million of Refugee Social Services (RSS) funding provided by ORR and can be used for transitional housing assistance and transportation. Of the \$1.3 million:
 - \$334,224 to San Diego County Health and Human Services Agency
 - \$128,764 to and Catholic Charities/Wilson Fish
- CDSS Disaster Services Bureau (DSB) reached out to its feeding partners (Southern Baptist Disaster Relief, The Salvation Army, food banks, etc.) to find out if they have the resources/capacity to handle feeding operations or provide food to the shelters.
- DSB is working with our Emergency Food Assistance Program (EFAP) to research commodities programs.

Cal Volunteers:

- Cal Volunteers at National City armory are planning to relocate all entrants to the El Cajon armory on 09/28/16.
 - CV and CA AmeriCorps Disaster Team Members will clean the Armory on 09/28/16, with the help of volunteers if available, prior to departing the Armory.
 - Supplies and food on hand will be transported to the Christ Ministry Church on 09/28/16.
 - CV will be arranging for the transport of entrants from El Cajon to National City and vice versa depending on occupants' airline departure dates.
- CV continues to arrange transportation for those going to the airport on 09/28/16 and 09/29/16.
- CV and AmeriCorps Disaster Team members plan to demobilize on 10/02/16.

California Department of Public Health (CDPH):

- CDPH ORH contacted the County on the Zika testing for pregnant women. CDPH is awaiting information from the County.
- CDPH ORH, traveled to San Diego on 09/23/16 to meet with the US Dept. of Health & Human Services (HHS), Assistant Secretary for preparedness and Response, Regional Emergency Office and San Diego County Public Health Staff. HHS staff was there to assess the situation in San Diego. They toured the shelters only from the outside and just asked San Diego Staff and questions about the Haitian situation.

California Department of Food and Agriculture (CDFA):

- Continuing to monitor the situation.

2016 Haitian Entrants Support

State agencies currently supporting the sheltering operations are as follows:

California National Guard (CNG):

- Per CNG, the plan is to demobilize both armories on 10/04/16 at 0800.
 - The California National Guard (CNG) is mission tasked to stand up two Armories for shelter.

San Diego County

- The San Diego Operational Area continues to monitor the situation. County Eligibility Staff have been onsite at the shelters helping with applications for CalFresh and Medi-Cal. [Total number of entrants that applied for benefits \(before 09/26/16\) are:](#)
 - [66 people contacted and 32 applications are being processed for CalFresh and/or Medi-Cal.](#)
 - [CalWORKs cases are being handled out of the County's Family Resource Center for the families that qualify, so are separate and in addition to these numbers.](#)
- [Public Health Staff and Eligibility workers continue to be available as needed. The Eligibility teams will be back onsite on Wednesday, 09/28/16.](#)

Imperial County

- The Imperial Operational Area is monitoring the situation in the Calexico Point of Entry and is currently not significantly impacted.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

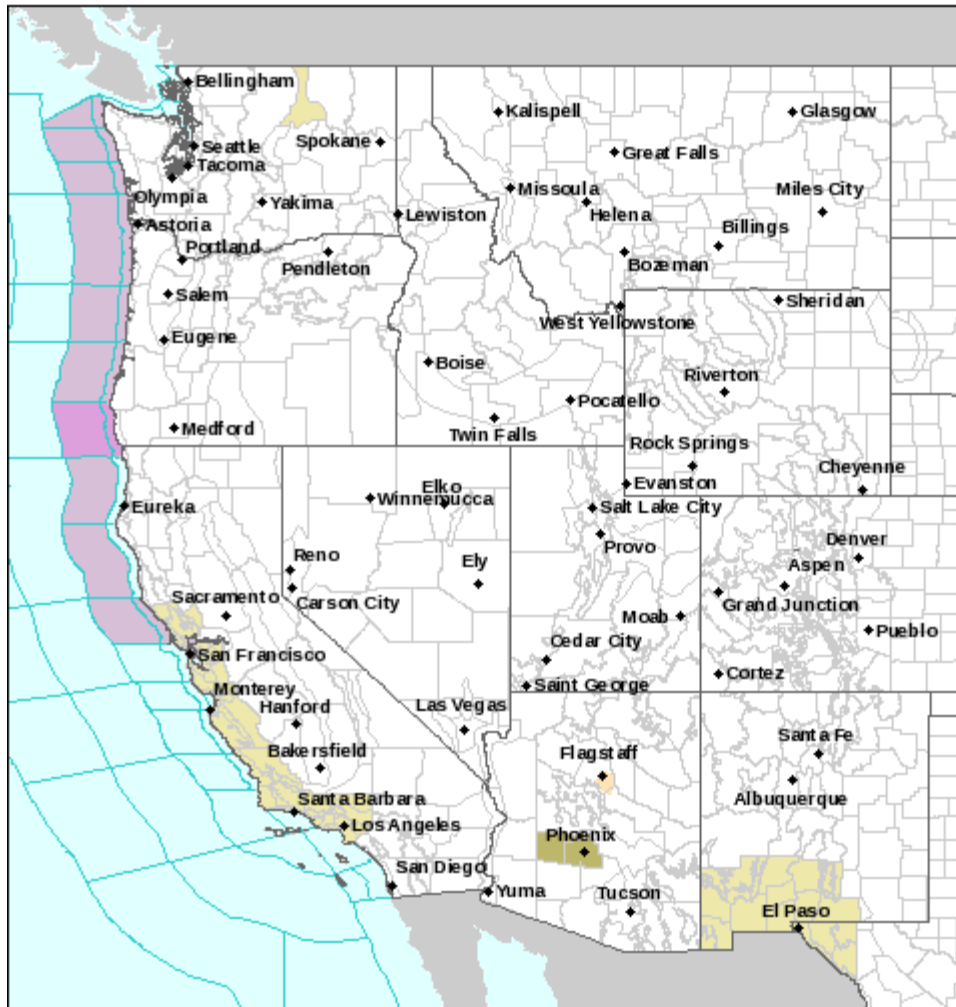

Surface pressure gradients remain offshore and locally gusty winds are occurring early this morning. At the current time, northeast winds are gusting to nearly 30 mph across Santa Barbara County where temperatures prior to sunrise were over 80 degrees. Expect east and northeast winds of 15-25 mph in a few additional areas such as northern Los Angeles and Ventura County as well as areas in and near the Banning Pass. Temperatures will still be well above normal with highs in the 90s across the San Joaquin Valley and most valley and lower foothill areas of Southern California. Minimum relative humidity (RH) will remain in the single digits over many areas, especially along the central coast southward to Ventura County. A small amount of subtropical moisture will drift northward today, bringing partly cloudy skies to much of Southern California. A handful of showers and thunderstorms may occur this afternoon from the eastern Angeles National Forest southward into San Diego County. Wednesday, low level flow is expected to transition back onshore which will result in cooler temperatures, especially along the coast. The subtropical moisture may be drawn a bit further north on Wednesday, resulting in isolated showers and thunderstorms from the Sierras southward into Southern California. A trough will slowly approach the area during the second half of the week. This trough will bring much cooler and more humid weather to the area Thursday into the weekend. Southwesterly flow ahead of the trough should keep thunderstorms confined to the deserts Thursday with no further thunderstorm activity expected for Friday and beyond. Temperatures will be 15-25 degrees cooler this weekend with highs in the 60s in the mountains to the upper 70s to lower 80s in the valleys. It may turn breezy in and near the deserts during the afternoon hours this weekend. The next chance of offshore flow may occur during the middle of next week, but at this point the winds, if they occur, appear far weaker than the episode that just transpired.
